

Here are the arguments I read that I found most compelling on both sides:

**The arguments FOR proposition 64**

- Allows local regulation and taxation of marijuana.
- Establishes packaging, labeling, advertising, and marketing standards.

**Rebuttals to these arguments**

Marijuana ads on tv.

**The arguments AGAINST proposition 64**

- Children problems
- Advertising problems

**Rebuttals to those arguments**

Legalized marijuana in other states have less violence.
